CIENNA ABBASI

UI/UX DESIGNER

Profile

Hi, I'm Cienna Abbasi! I'm a UI designer with a background in early childhood special education, where I developed strong skills in organization, empathy, problem-solving, and creativity. My experience working with children with diverse abilities has given me a deep understanding of how to design intuitive, accessible, and user-friendly interfaces. I focus on creating digital experiences that cater to a wide range of needs, ensuring usability for users with varying abilities. By combining my expertise in education with my passion for UI design, I aim to create engaging, inclusive platforms that empower users and provide seamless experiences for all.
